

Anita Neeser - President

Anita was a master furrier in her previous life in the family business in Switzerland. Anita and her husband Eddie migrated to Australia in 1980 and settled in Sydney, after an 18-month trip around Australia. In 1984 a farm was purchased and we named it Dandaloo Valley. Breeding a small flock of sheep and goats was a start towards better things to come. After giving birth to two lovely daughters the first alpacas were bought in 1998 and Dandaloo Alpacas was born. Dandaloo is an Aboriginal word meaning beautiful and very befitting.

The passion for alpacas continues to this day. Anita attended a one-year course in a NSW TAFE to learn Alpaca husbandry before embarking into breeding, attended all fleece courses held by Cameron Holt and also completed a course as a show ring steward with Bill Plunket.

We started showing with our first purchased huacaya alpacas and continued success in the show ring gave us confirmation that we are on the right track with our breeding program. In 1994 the family moved to Dagon with 25 alpacas.

Anita serves her 7th year on a regional committee on various portfolios from secretary to show portfolios to Vice president and now president.

I am happy to talk to any member about new ideas or concerns. I am committed to the Alpaca Association and hope to strengthen alpaca relationships amongst all members of the QLD Region.
