

Selling to AAFL

AAFL buys either classed or unclassified fibre

Unclassed Fibre

- AAFL BUYS WHOLE FLEECE INCLUDING THE NECK AND CLEAN PIECES - place in separate bags with the main saddle fleece, this will maximise the value of your fleece.
- All delivered fleece must be clean, minimum or no vegetable matter and in excellent condition of preservation.
- Where fleece is dispatched in pressed bales, each individual grower consignment must be clearly separated by newspaper marked with “(grower no. & name) BELOW”, and each bale must be marked on top with all respective grower numbers and names.
- Contaminated fleece will be downgraded or disposed without value, if necessary. (If you see that some of your grower’s fleece is contaminated with excessive vegetable matter, or is obviously damp, or if any plastic bags have disintegrated into pieces, please do not ship to AAFL - other fleece in the shipment is likely to be badly affected).

Classed Fibre

- Classed fibre must be press-baled.
- Each bale must be marked with grower name/AAFL number and bale number.
- Bales must be clean woolpack(s) between 100-170kg, with the bale weight marked.
- Each bale must have a bale sampled test from AWTA.
- The AWTA certificate must include at least:
 1. Mean micron (MFD)
 2. Micron Standard Deviation (SD)
 3. Micron Coefficient of Variation (CV)
 4. Comfort Factor (CF)
 5. Fibre Length

AAFL Free Freight Program

- AAFL will pay the freight to AAFL's Sunshine VIC warehouse from the closest depot to the point of collection.
- Contact AAFL for advice before making any new freight arrangements.
- To access the free freight program, fleece (classed or unclassed) must be pressed and baled in wool packs of between 100-170kg.
- Each bale must be very clearly identified to show the source and AAFL grower numbers and name(s).

AAFL fleece documents

To ensure that all fleece received is correctly identified, please use attached documents - also available for download from the AAFL website:

1. AAFL Fleece Consignment form
2. AAFL Fleece Shipping Manifest
